What does the fund invest in?

The investment objective of this Fund is to invest in a broadly diversified global portfolio of investments, including U.S. and international stocks, bonds, and alternatives. The Fund uses an active asset allocation strategy in conjunction with fundamental research to select individual securities. T. Rowe Price allocates the Fund's assets among the various asset classes and market sectors based on its assessment of global economic and market conditions, interest rate movements, industry and issuer considerations, business cycles, and other relevant factors. Under normal conditions, the Fund will consist of approximately 60% stocks; 30% bonds, money market securities, and other debt instruments; and 10% in alternative investments.

How risky is it?

The value of the Fund can go down as well as up. You could lose money.

One way to gauge risk is to look at how much a fund's returns change over time. This is called "volatility".

In general, funds with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. Funds with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.

Risk rating

Bridgehouse has rated the volatility of this Fund as **Low to Medium**.

Because this is a new fund, the risk rating is only an estimate by Bridgehouse. Generally, the rating is based on how much the fund's returns have changed from year to year. It doesn't tell you how volatile the fund will be in the future. The rating can change over time. A fund with a low risk rating can still lose money.

For more information about the risk rating and specific risks that can affect the Fund's returns, see the Risk section of the Fund's simplified prospectus.

No guarantees

Like most mutual funds, this Fund does not have any guarantees. You may not get back the amount of money you invest.

How has the fund performed?

This section tells you how Series F5 units of the Fund have performed since inception. Returns are after expenses have been deducted. These expenses reduce the Fund's returns.

Year-by-year returns

This section tells you how Series F5 units of the Fund have performed in past calendar years. However, this information is not available because the Series has not completed a calendar year.

Best and worst 3-month returns

This section shows the best and worst returns for Series F5 units of the Fund in a 3 month period. However, this information is not available because the Series has not yet completed a calendar year.

Average return

This section shows the value and annual compounded return of a hypothetical \$1,000 investment in Series F5 units of the Fund. However, this information is not available because the Series has not yet completed 12 consecutive months.

Who is this fund for?

- This Fund is suitable for investors who are long-term investors and who wish to add the appreciation potential of global equities, bonds, and alternatives to their portfolio. This Fund is not suitable as a short term investment or for an investor who cannot tolerate a low to medium degree of volatility.

A word about tax

In general, you'll have to pay income tax on any money you make on a fund. How much you pay depends on the tax laws where you live and whether or not you hold the Fund in a registered plan, such as a Registered Retirement Savings Plan or a Tax-Free Savings Account.

Keep in mind that if you hold your fund in a non-registered account, any fund distributions are included in your taxable income, whether you receive them in cash or have them reinvested.

How much does it cost?

The following tables show the fees and expenses you could pay to buy, own and sell Series F5 units of the Fund. The fees and expenses - including any commissions - can vary among each series of a fund and among funds. Higher commissions can influence representatives to recommend one investment over another. Ask about other funds and investments that may be suitable for you at a lower cost.

1. Sales charges

This Series of units does not have a sales charge option. This series is only available if you have a fee-based account with your representative's firm and the firm has signed an agreement with Bridgehouse.

2. Fund expenses

You don't pay these expenses directly. They affect you because they reduce the Fund's returns. The Fund's expenses are made up of the management fee, operating expenses and trading costs. The Fund's annual management fee is 0.70% of the value of this Series of units. Because this Series is new, its operating expenses and trading costs are not yet available.

More about the trailing commission

There are no trailing commissions paid in respect of this Series of units.

3. Other fees

You may have to pay other fees when you buy, hold, sell or switch units of the Fund.

Fee	What you pay
Asset-based Fee	Investors generally pay their representative's firm an asset-based fee that is negotiated with and charged by their representative's firm.
NSF Cheque Fee	A fee of \$25 may be charged on NSF cheques.
Short-term Trading Fee	Bridgehouse reserves the right to charge a short-term trading fee of up to 5% of the NAV of any units you sell or switch within 30 days of purchase in addition to any switch or redemption fees that may apply in order to deter inappropriate and excessive short-term trading that is harmful to the Fund.
Switch Fees	A maximum of 2% of the amount being switched may be charged and paid to your representative's firm to provide compensation for the time, advice and processing costs involved in a switch. All switch fees are negotiable with your representative.
Wire Transfer Fee	A fee of \$25 may be charged if you request a wire transfer.
Service Fee	You pay your representative directly a fee. Units in this series are purchased under fee-for-service accounts.

What if I change my mind?

Under securities law in some provinces and territories, you have the right to:

- withdraw from an agreement to buy mutual funds within two business days after you receive a simplified prospectus or Fund Facts document, or
- cancel your purchase within 48 hours after you receive confirmation of the purchase.

In some provinces and territories, you also have the right to cancel a purchase, or in some jurisdictions, claim damages, if the simplified prospectus, annual information form, Fund Facts document or financial statements contain a misrepresentation. You must act within the time limit set by the securities law in your province or territory.

For more information, see the securities law of your province or territory or ask a lawyer.
