- ¹ Management expense ratio ("MER") as published in the Interim Management Report of Fund Performance as at June 30, 2023. MER is based on unaudited actual expenses for the period January 1 to June 30, 2023 and expressed on an annualized basis, unless specified otherwise.
- ² Management fee rebates ("MFRs"), also referred to as management fee distributions, are available to eligible investors whose Fund Account balance exceeds the prescribed threshold. Fund holdings used to determine Fund Account balance and eligibility for MFRs may vary by Fund. MFR is an estimate based on the June 30, 2023 annualized MER. Actual MFR may differ to achieve Total Cost as stated. MER minus MFR equals Total Cost. Management fee distributions are paid by the applicable series of the Fund and are inclusive of either GST, GST and QST, or HST.
- ³ The Manager has waived a portion of the management fee and may cease to waive such fee at any time without notice to securityholders.
- ⁴ Adjusted MER is provided for Funds with management fee reductions in calendar year 2023 and represent our best estimates of the actual MER for 2023. Adjusted MER may differ from MER published in the Interim Management Report of Fund Performance as at June 30, 2023.
