

**Allspring Global Investments Mandates Now Available in Canadian-Domiciled Pooled Funds  
Launched by Bridgehouse Asset Managers**

**TORONTO, ON, October 25, 2022** – Bridgehouse Asset Managers (Bridgehouse) launches exclusive Allspring Canada Unit Trusts for Canadian institutional investors: **Allspring Emerging Markets Equity Unit Trust, Allspring Special Global Small Cap Unit Trust** and **Allspring Special International Small Cap Unit Trust**. Allspring Global Investments, LLC (Allspring) (US\$463 billion in AUM\*) will subadvise the portfolios and Bridgehouse will provide fund management, administration and operational services.

“The Canadian investment market can be complex. Our strength and depth of experience in fund manufacturing and distribution allows established portfolio managers to focus on what they do best – while we take care of the rest,” says Carol Lynde, president and CEO of Bridgehouse Asset Managers. “Canadian plan sponsors want investment vehicles domiciled in Canada, instead of dealing with the complications of UCITS (Undertakings for Collective Investment in Transferable Securities) or offshore trusts.”

“Through Bridgehouse, we can offer Canadian institutional investors in-demand and effective access to global markets in a pooled vehicle structure,” says Susan Raynes, Head of Institutional Client Group and Global Consultant Relations for Allspring. “This collaboration allows us to partner with Canadian clients to implement their investment objectives in a local vehicle structure that is efficient and affordable, and we look forward to building our Canadian institutional business in the years to come.”
